

ATS OnDemand
Innovative Applicant Tracking

Employee Onboarding &
Applicant Tracking

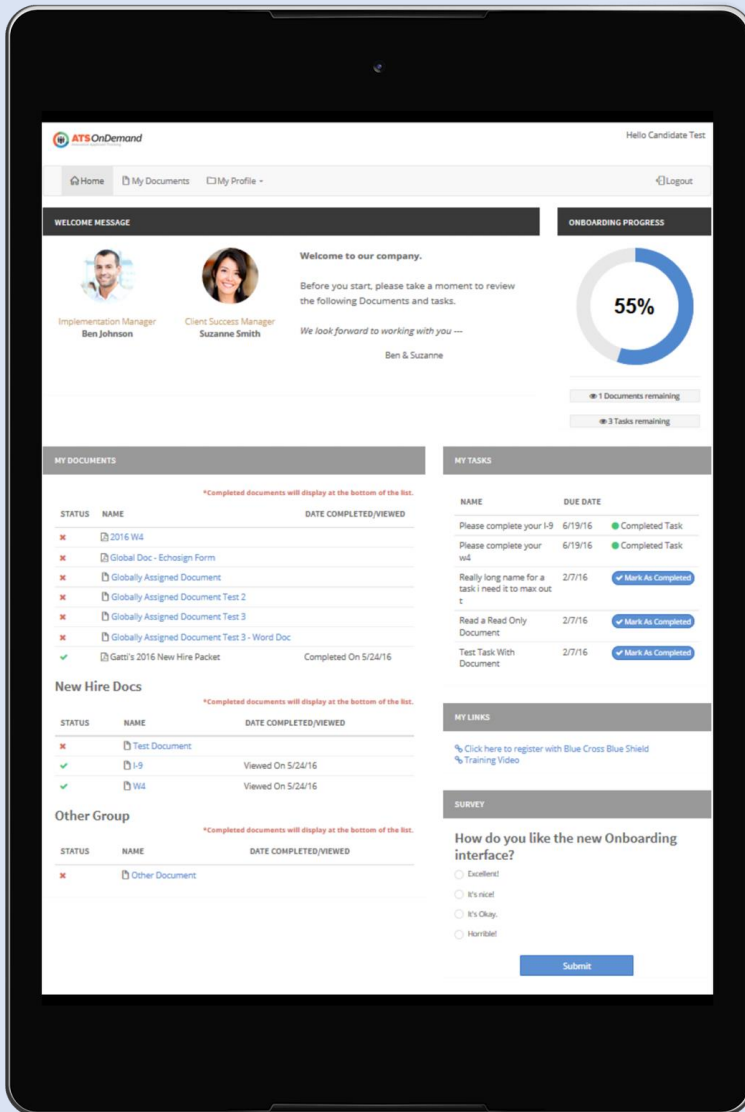

Prepare New Hires For Success!

Welcome new team members with a secure, personalized, & mobile-optimized onboarding portal.

Setup & Capabilities

Branded onboarding controlled by recruiters and built to streamline the hiring process.

Employee Data

Setup new employee data and send a secure onboarding link to their email when ready.

New Hire Tasks

Add task assignments for new hires to complete within a specified time. Recruiters can track progress.

Team Notifications

Add internal team members & create tasks for them to complete. Send reminders via email.

Documents

Transform paperwork into electronic documents that can be viewed & signed remotely, using any smart device.

Links & Surveys

Add external website links and surveys directly to the onboarding portal
